

SHIVKRUPA
INDUSTRIES

Leading Industries for Providing PVC Stabilizer & Lubricants.

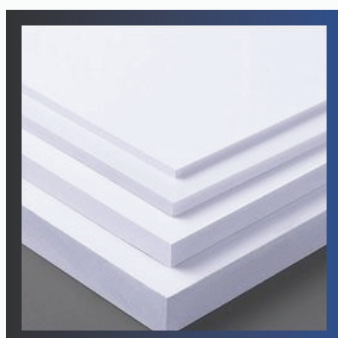

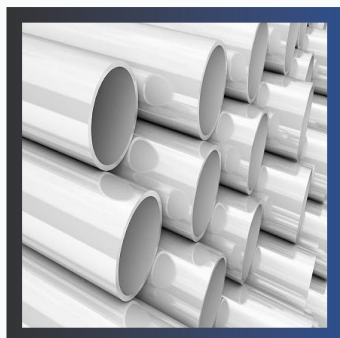

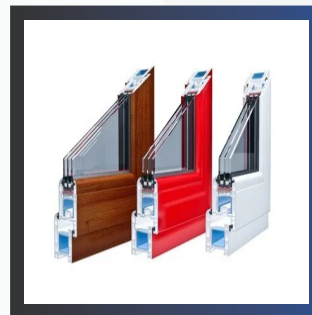

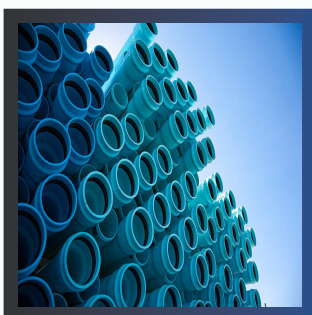

Shivkrupa Industries have a large choice of standard products to fulfill your needs, and we're also ready to develop new specialized products to match our customer requirements.

SHIVKRUPA
INDUSTRIES

Lead Based One Pack Stabilizers

Product Grade	Applications	SPECIFICATIONS AND FEATURES
SI-7575	RIGID PIPES ,(ISI-ASTM D 1785,BIS 4985) WBC SHEETS, U-PVC PIPE, FOARM BORD	Provides higher output, reducing the processing cost & excellent mechanical and aesthetic properties
SI-7575 (N)	Conduit Pipe,Foam Board, Rigid Sheets and WPC sheets	High Thermal stability and good color hold
SI-7510	Agriculture, Casing, Corrugated, Plumbing and Pressure Pipe (ASTM D 1785, BIS 4985, BIS 12818)	Provides higher output, reducing the processing cost & excellent mechanical and aesthetic properties
SI-7518	Column and Foam Core Pipes	Excellent gelation along with heat stability
SI-7010	Non-pressure, Plumbing and SWR Pipe (BIS 13592)	Superior performance while processing
SI-7018	Type B (House wire) and Type CLeather Cloth (Compact Layer)	Well-adjusted stabilizer with good heat stability and lubrication
SI-7075	Foam Board, Rigid Sheets and WPC sheets	High Thermal stability and good color hold
SI-7050	Fittings	Increases V.S.T. and provides higher thermal stability
SI-7525	Foam Board, Rigid, Sheets And WPC Sheets	Lead based stabilizer with balance of internal and external lubricants that controls melt viscosity of the melt and gives uniform cell structure and high heat stability

SHIVKRUPA
INDUSTRIES

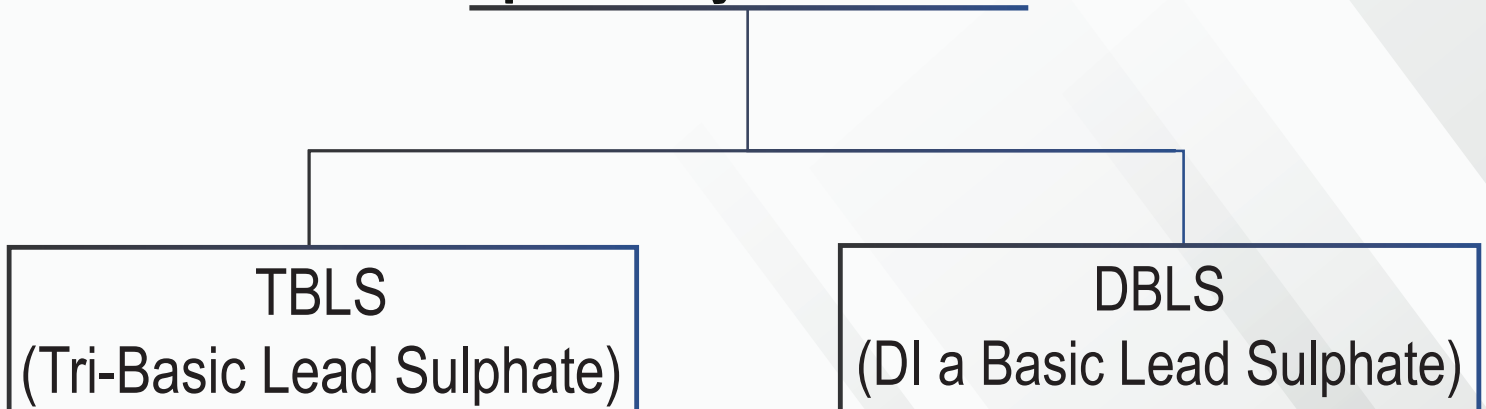

CZ – Calcium Zinc Stabilizer

Product Grade	Applications	Features
S CZ- 6688	Rigid Pipes (ASTM D 1785, BIS 4985, BIS 12818), Foam Board, Rigid Sheets and WPC sheets	Well-adjusted stabilizer and lubricating system for fast gelation & excellent mechanical and aesthetic properties
S CZ – 7085	Non-pressure, Plumbing and SWR Pipe (BIS 13592)	Superior performance while processing
S CZ – 7020	Conduit Pipe, Foam Board, Rigid Sheets and WPC sheets	High Thermal stability and good color hold
S CZ – 7050	Agriculture, Casing, Corrugated, Plumbing and Pressure Pipe (ASTM D 1785, BIS 4985, BIS 12818)	Provides higher output, reducing the processing cost & excellent mechanical and aesthetic properties
S CZ – 6070	Conduit Pipe	High thermal stability, brighter finish and good gloss
S CZ – 5353	Commercial Pipes	Excellent lubrication allong with heat stability
S CZ – 7272	Type B (House wire) and Type C Leather Cloth (Compact Layer)	Designed for high speed extruders

Metallic Stearates
